From The Prez

The irises are beginning to wake up from their long sleep of winter....So much has been happening in preparation for their return! The show will be April 8th (set up) and April 9th (Judging and show) at the Capitola Mall. Please plan to bring your best flowers for this show.

The club is in full swing of planning for the Regional. Tours, gardens, busses, gift goodies, table decorations, tee shirts, and refreshments are all being planned for the best regional ever! The show at the Regional is on April 30 at the Seacliff Best Western Hotel, and it is a specialty seedling show, so only those you have hybridized can be entered.

Please e-mail Diane at debsampson@baymoon.com or give her a phone call if you are able to come to our Regional meetings. If you can help in the gardens or at the hotel for any part of our big gathering, we will really appreciate everyone's efforts in making our area shine!

Happy gardening!

—Diane
